# DAERA Equality and Human Rights Screening Template

DAERA has a statutory duty to screen. This includes our strategies and plans, policies, legislative developments; and new ways of working such as – the introduction, change or end of an existing service, grant funding arrangement or facility. This screening template is designed to help business areas consider the likely equality and human rights impacts of their proposed decisions on different groups of customers, service users, staff and visitors.

Before carrying out an equality screening exercise it is important that you have received the necessary training and know the current effective guidance first (see HPRM (Trim) link below for Guidance Document). To find out about the training needed, contact - [equalitybranch@daera-ni.gov.uk](mailto:equalitybranch@daera-ni.gov.uk). All screening exercises must be supported by evidence and Quality Assured by Equality Unit prior to being cleared at Grade 3 level.

DAERA Screening  
Guidance - Updated

The accompanying Screening Guidance note provides straightforward advice on how to carry out equality screening exercises. Detailed information about the Section 75 equality duties<sup>1</sup> and what they mean in practice is available on the Equality Commission's website.

Please note: Only plain English<sup>2</sup> should be used in all sections of this document.

The screening template has 4 sections to complete. These are:

---

## Section C

DAERA also has legislative obligations to meet under the [Disability Discrimination Order](#) and [Human Rights Act](#) Questions 5 -9 relate to these two areas.

### Consideration of Disability Duties

5. Does this proposed policy or decision provide an opportunity for DAERA to better **promote positive attitudes** towards disabled people?

**Explain your assessment in full**

No. The Environment Fund is an open competitive environmental funding programme and does not provide the opportunity for the Department to better promote positive attitudes towards disabled people. However, successful applicants may be able to better promote positive attitudes towards disabled people through environmental work they deliver within their project.

6. Does this proposed policy or decision provide an opportunity to actively **increase the participation** by disabled people in public life?

**Explain your assessment in full**

No. The Environment Fund is an open competitive environmental funding programme and does not provide the opportunity for the Department to actively increase the participation by disabled people in public life. However, successful applicants may engage people with disabilities in the environmental work they deliver within their project. Priority 2 states that Projects on NIEA sites, particularly for those for whom access is currently difficult, will be considered for funding, so this has the potential for applicants to promote positive attitudes towards disabled people by creating accessibility at locations where this is currently difficult.

## Consideration of Human Rights

7. The Human Rights Act (HRA) 1998 brings the European Convention on Human Rights (ECHR) into UK law and it applies in N Ireland. Indicate below (place an X in the appropriate box) any potential *adverse impacts* that the policy or decision may have in relation to human rights issues.

**8. Please explain any adverse impacts on human rights that you have identified**

None.

**9. Please indicate any ways which you consider the policy positively promotes human rights**

None.

## Monitoring Arrangements

Section 75 places a requirement on DAERA to have equality monitoring arrangements in place in order to assess the impact of policies and services etc; and to help identify barriers to fair participation and to better promote equality of opportunity. Please note the following excerpt from The Equality Commission for Northern Ireland in relation to monitoring:

*A system must be established to monitor the impact of the policy in order to find out its effect on relevant groups. The results of ongoing monitoring must be reviewed on an annual basis. The public authority is required to publish the results of this monitoring. And they must be included in the public authorities' annual review on progress to the Equality Commission. The Equality Scheme must specify how and where such monitoring information will be published. It is therefore essential that monitoring is carried out in a systematic manner and that the results are widely and openly published.*

*If the monitoring and analysis of results over a two year period show that the policy results in greater adverse impact than predicted, or if opportunities arise which would allow for greater equality of opportunity to be promoted, the public authority must ensure that the policy is revised to achieve better outcomes for the relevant equality groups.*

Outline what data you will collect in the future in order to monitor the impact of this policy or decision on equality, good relations and disability duties.
