Dear [REDACTED]

Environmental Information Regulations 2004

With regard to your request for information received by the Department on 22/01/21 which sought a list of composting and biogas plants in Northern Ireland and the total tonnage processed by each plant in 2020.

I can advise that the Department has completed its search and can confirm that it holds the information you requested specifically the tonnage of wastes received for processing at each composting / biogas plant in Northern Ireland authorised to receive waste and making quarterly waste returns during 2020.

A copy of this information is attached in Appendix A

If you require any clarification, believe that any part of your request has been overlooked, misunderstood or misinterpreted, please contact me in the first instance to see if it is a matter that can be resolved.

If you are unhappy with the manner in which your request for information has been handled or the decision to release/withhold information, you have the right to request a formal review by the Department. If you wish to do so, please contact The Review Section either by e-mailing daera.informationmanager@daera-ni.gov.uk or by post at The Department of Agriculture, Environment and Rural Affairs, Data Protection & Information Management Branch, Floor 2, Ballykelly House, 111 Ballykelly Road, Ballykelly, Limavady BT49 9HP, within two months from the date of this letter.

If after such an internal review you are still unhappy with the response, you have the right to appeal to the Information Commissioner at Wycliffe House, Water Lane, Wilmslow, CHESHIRE SK9 5AF, who will undertake an independent review of the Department's decision.

Sustainability at the heart of a living, working, active landscape valued by everyone.

Yours sincerely,

NIEA Waste Regulation
