Dear Minister Poots

#### **Mobuoy Road Illegal Landfill Site**

Following detailed discussions by Members of the Council meeting of Derry City and Strabane District Council on 30<sup>th</sup> November 2020, I am writing to you on behalf of Members in order to express their frustration in relation to your recently published intention not to hold a public inquiry into the Mobuoy Road Illegal Landfill Site. Members have asked me to convey their unanimous view that you should reverse this decision and hold a public inquiry in this issue without delay.

Members have also asked that I invite you to meet with Members in order to discuss this issue.

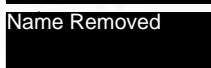

I would be grateful if you could consider these issues and to provide a response that I can give to Members as soon as possible.

Yours sincerely
