IV. HEALTH INFORMATION

I the undersigned Official Veterinarian, certify that:

1. Northern Ireland has been officially free from all contagious and infectious diseases on list A of the Office International des Epizooties to which cattle are susceptible during the last 12 months.
2. Milk originating in Northern Ireland is produced on farms which are subject to official health controls to ensure that milk is not offered for sale for human consumption from animals suspected or confirmed as suffering from Bovine Spongiform Encephalopathy or any OIE List A disease which would constitute a risk to human health.
3. The milk product was processed at a manufacturing plant approved under current European Union legislation as implemented by the Food Hygiene Regulations(Northern Ireland) 2006.
